Kindermusik Village (0-18 months)

Kindermusik Village stimulates your baby's total development with purposeful, engaging musical activities while nurturing the special bond you share with your baby. Lap babies, crawlers and walkers each participate at their own pace, as we explore the world of music, movement, instruments, and more! Discover the joy of interacting with your baby and others while learning all about the powerful benefits music has on your child's development.

Village classes meet once a week for 45 minutes, for 10-12 children plus their caregiver. Each 8-week session has its unique theme and song collection. Home materials include a beautiful CD, a baby's literature book with specially designed art to aid in visual tracking and language development, a musical instrument, 2 art banners and a carry bag. This first fall, 2008 session is called "Zoom Buggy".
