

A-F Letter Grades
Catalina Foothills School District
2022-2023

The Arizona State Board of Education developed an annual achievement profile for every public school in the state based on an A through F letter grade scale. The system measures proficiency on AASA (K-8) and ACT (high school), year-to-year academic growth, the proficiency and growth of English learners, various indicators that show K-8 students are ready for success in high school, high school graduation rates, and college and career readiness measures that indicate high school students are ready to succeed in a career or postsecondary studies. All CFSD schools earned an “A” letter grade for the 2022-2023 school year.
