

July 2021

On June 30, the Governor signed HB2989, which prohibits public schools from mandating masks during school hours and on school property.

For your information, the CDC states, "Masks should be worn indoors by all individuals (age 2 and older) who are not fully vaccinated. Consistent and correct mask use by people who are not fully vaccinated is especially important indoors and in crowded settings, when physical distancing cannot be maintained." The CDC suggests that no masks are necessary outdoors for all students, regardless of their age.
